

At School of Rock, our neurodiverse team of professionals is always looking for more information on how to support our incredible students. Is there anything we should know about how you learn, communicate, and regulate?

## COMMUNICATION

### I COMMUNICATE THROUGH:

- |                                                      |                                        |
|------------------------------------------------------|----------------------------------------|
| <input type="checkbox"/> Fluent spoken language      | <input type="checkbox"/> Technology    |
| <input type="checkbox"/> Sign language               | <input type="checkbox"/> Letter boards |
| <input type="checkbox"/> Symbols or picture exchange | <input type="checkbox"/> Other _____   |
| <input type="checkbox"/> Written Words               |                                        |

### WHEN COMMUNICATING WITH ME, I NEED:

- ☐ Simple, concrete language
- ☐ Extra processing time
- ☐ Symbols / Pictures
- ☐ Other \_\_\_\_\_

## SENSORY NEEDS

### I MAY EXPERIENCE DISTRESS WHEN:

- |                                                        |                                                           |
|--------------------------------------------------------|-----------------------------------------------------------|
| <input type="checkbox"/> The room is crowded           | <input type="checkbox"/> I smell fragrances               |
| <input type="checkbox"/> The music is loud             | <input type="checkbox"/> Someone bumps into or touches me |
| <input type="checkbox"/> I am wearing certain textures | <input type="checkbox"/> Other _____                      |
| <input type="checkbox"/> the lights are too bright     |                                                           |

## STRUCTURAL NEEDS

### I MAY EXPERIENCE DISTRESS WHEN:

- ☐ I don't know what to expect Plans
- ☐ change
- ☐ I don't have a visual schedule
- ☐ Other \_\_\_\_\_
